

Efficient 75C FPV Lipo Battery 11.1V 3s 450mah Lipo Battery With XT60 Connector

Our Product Introduction

for more products please visit us on lohuite.com

Basic Information

- Place of Origin: CHINA
- Brand Name: lohuite
- Model Number: 2023-1

Product Specification

- Wire Length: 100mm
- Dimensions: 135*45*25mm
- Voltage: 11.1V
- Weight: 220g
- Connector: XT60
- Charge Rate: 5C
- Capacity: 2200mAh
- Application: FPV Racing Drone
- Highlight: **XT60 Connector FPV Lipo Battery, 3s 450mah Lipo Battery, FPV Lipo Battery 11.1 V**

Product Description

Product Description:

FPV Lipo battery is a high-performance Lithium Polymer Battery designed for FPV Racing Drone. It is made with high-grade Lithium-ion Polymer Battery technology, which ensures that the power is consistent and reliable for long-term use. The battery has a 12-month warranty for all customers. It can be charged at a maximum rate of 5C and has a voltage of 11.1V. The dimensions of the battery are 135*45*25mm, which makes it easy to fit into the drone.

Applications:

FPV Lipo Battery – LOHUIITE Model 2023-1

The LOHUIITE Model 2023-1 FPV Lipo Battery is a top-of-the-line lithium-ion battery pack designed specifically for FPV racing drones. This battery is made with high-performance lithium-ion polymer cells and is equipped with numerous safety features. It has a charge rate of 5C and a weight of 220g, making it lightweight and efficient. The battery is protected against over-charge, over-discharge, over-current, and short-circuit protection, and has a wire gauge of AWG12#.

This battery is ideal for FPV racing drones because of its high power output and light weight. It provides enough power for the drone to reach high speeds and perform complex maneuvers. It is also equipped with numerous safety features, ensuring that the battery does not become damaged during use.

The LOHUIITE Model 2023-1 FPV Lipo Battery is a reliable and efficient choice for those looking to take their FPV racing drone to the next level. It is lightweight, powerful, and equipped with the latest safety features, making it a great choice for those looking for a reliable and powerful battery for their FPV racing drone.

Customization:

FPV Lipo Battery

Brand Name: **LOHUIITE**

Model Number: **2023-1**

Place of Origin: **CHINA**

Connector: **XT60**

FPV Racing Battery: **Yes**

Lithium-ion Battery: **Yes**

High-Voltage Battery: **Yes**

Warranty: **12 Months**

Weight: **220g**

Dimensions: **135*45*25mm**

Voltage: **11.1V**

Support and Services:

FPV Lipo battery Technical Support and Service

Installation

For instructions on how to install a FPV Lipo battery, please refer to our installation guide.

Troubleshooting

If you're having trouble with your FPV Lipo battery, please refer to our troubleshooting guide to help resolve your issue.

Warranty and Returns

FPV Lipo batteries come with a one-year warranty. If you need to return your product, please refer to our return policy.

Customer Service

For any additional questions or assistance, our customer service team is available to help you.

Packing and Shipping:

FPV Lipo battery Packaging and Shipping:

The FPV Lipo battery is packaged in a cardboard box for protection during shipping. The box is sealed with packaging tape to provide extra security. Inside the box, the battery is cushioned with bubble wrap to ensure it doesn't get damaged during transit. Once the battery is packaged, it is shipped via a reliable courier service with tracking information provided.

FAQ:

Q: What is the brand name of the FPV Lipo battery?

A: The brand name of the FPV Lipo battery is LOHUIITE.

Q: What is the model number of the FPV Lipo battery?

A: The model number of the FPV Lipo battery is 2023-1.

Q: Where does the FPV Lipo battery come from?

A: The FPV Lipo battery comes from China.

Q: What is the capacity of the FPV Lipo battery?

A: The capacity of the FPV Lipo battery depends on the specific product model.

Q: What is the charging time of the FPV Lipo battery?

A: The charging time of the FPV Lipo battery depends on the specific product model.
