

1800mah JST-XH Balance Plug FPV Racing Battery With Over Charge Protection

Our Product Introduction

for more products please visit us on lohuite.com

Basic Information

- Place of Origin: CHINA
- Brand Name: lohuite
- Model Number: 2023-1

Product Specification

- Capacity: 1800mAh
- Charge Rate: 5C
- Dimensions: 135*45*25mm
- Connector: XT60
- Wire Length: 100mm
- Application: FPV Racing Drone
- Weight: 220g
- Discharge Rate: 75C
- Highlight: 1800mah FPV Racing Battery,
1800mah race drone battery,
Over Charge Protection FPV Racing Battery

Product Description

1800mah JST-XH Balance Plug FPV Racing Battery with Over-charge Protection

Product Description:

Our FPV Lipo Battery is a Lithium-ion Polymer Battery designed for use in FPV Racing Drones. With a 12-month warranty, it is reliable and durable. Its charge rate is 5C and the weight is 220g, making it lightweight and easy to handle. The wire gauge is AWG12#, providing great conductivity and ensuring a smooth and efficient performance. Whether you are a beginner or an experienced drone pilot, this battery is the perfect choice for your FPV Racing Drone.

Applications:

The LOHUIITE 2023-1 is an ideal choice for FPV. It is a high-performance **lithium-ion battery** with a voltage of 11.1V, and a **high-voltage battery** with a **lithium polymer** construction. The **wire gauge** is AWG12#, and it has a **charge rate** of 5C with **over-charge, over-discharge, over-current, and short-circuit protection**. It is backed by a **12-month warranty**, giving users peace of mind when using this battery.

This battery is perfect for FPV applications, making it an ideal choice for high-performance drones, racing drones, and other FPV applications. It is perfect for providing a reliable and stable power source for drones, offering the stability and power needed to make the most of your drone flying experience.

The LOHUIITE 2023-1 is a great option for FPV and other drone applications, and with its 12-month warranty, it is sure to provide users with a reliable and powerful source of power for their drones.

Customization:

LOHUIITE FPV Lipo Battery

Brand Name: LOHUIITE

Model Number: 2023-1

Place of Origin: CHINA

Weight: 220g

Dimensions: 135*45*25mm

Charge Rate: 5C

Application: FPV Racing Drone

Warranty: 12 Months

The LOHUIITE FPV Lipo Battery is a high-voltage battery that is ideal for FPV racing drone applications. It is a lithium-ion battery and is designed to provide superior performance and durability with a 5C charge rate. This battery has a weight of 220g and dimensions of 135*45*25mm. It comes with a 12-month warranty from LOHUIITE.

Support and Services:

FPV Lipo Battery Technical Support and Service

Our team of certified technicians provide comprehensive support and service for FPV Lipo batteries. We provide expert advice and assistance with installation, operation, troubleshooting and maintenance of FPV Lipo batteries.

We are available 24/7 to answer your questions and provide technical support and service. Our technicians have extensive experience with FPV Lipo batteries and can provide advice on the best type of battery for your application.

We also provide service and maintenance for FPV Lipo batteries. We inspect and test the batteries to ensure they are in optimal condition and performing at peak efficiency.

If you need help with your FPV Lipo battery, contact us today! Our team of certified technicians is here to help.

Packing and Shipping:

Packaging and Shipping for FPV Lipo Battery

We strive for our FPV Lipo Battery to arrive in perfect condition for our customers. To ensure that the battery is well-protected, we use the following packaging and shipping methods:

We bubble wrap the battery to provide extra cushioning during transport.

We use corrugated cardboard boxes to further protect the battery.

We ship via air freight to ensure the battery arrives at its destination quickly and safely.

FAQ:

Q1:What is the brand name of FPV Lipo battery?

A1:The brand name of FPV Lipo battery is LOHUIITE.

Q2:What is the model number of FPV Lipo battery?

A2:The model number of FPV Lipo battery is 2023-1.

Q3:Where is the FPV Lipo battery produced?

A3:The FPV Lipo battery is produced in China.

Q4:What is the size of FPV Lipo battery?

A4:The size of FPV Lipo battery depends on the specific model.

Q5:What is the voltage of FPV Lipo battery?

A5:The voltage of FPV Lipo battery depends on the specific model.
