

Optimal Rechargeable Lifepo4 Battery Pack 3 Cells 2100mah 3.2Volt

Our Product Introduction

for more products please visit us on lohuite.com

Basic Information

- Place of Origin: CHINA
- Brand Name: lohuite
- Model Number: 2023-02

Product Specification

- Max. Discharge Voltage: 2.5V
- Size: Customized
- Protection: Overcharge, Overdischarge, Overcurrent, Short Circuit
- Voltage: 3.2V
- Discharge Temperature: -20-60
- Max. Charge Voltage: 3.65V
- Charging Rate: 1C
- Storage Temperature: -20-25
- Highlight: Lifepo4 Battery Pack 3 cells,
2100mah Lifepo4 Battery Pack,
3 cells rc lifepo4 battery

Product Description

Optimal Rechargeable Battery Pack for -20-60C Discharge Temperature - Voltage 3.2V

Product Description:

Our Lithium Iron Phosphate (LiFePO₄) rechargeable Battery Pack is an ideal choice for those looking for a reliable, high capacity energy storage solution. With a voltage of 3.2V, a charge temperature range of 0-45 , a max. discharge voltage of 2.5V, a cycle life of 2000 times, and a discharge temperature range of -20-60 , this battery pack is designed to meet the most demanding applications. Thanks to its advanced LiFePO₄ technology, it provides exceptional safety and reliability, making it the perfect choice for those who need a reliable, rechargeable battery pack.

Applications:

LOHUITE Lithium-Ion Iron Battery Pack: Model 2023-02

The LOHUITE Lithium Iron Phosphate Battery Pack, model 2023-02, is made with the best quality Lifepo₄ cells sourced from China. The battery pack is designed to provide a reliable and long-lasting power source for a variety of applications. It is able to discharge at temperatures between -20 to 60 and can be charged at a rate of 1C. Maximum charge voltage is 3.65V. The battery pack is protected against overcharging, overdischarging, overcurrent, and short circuit. All these features make it an ideal choice for a variety of applications, such as in electric vehicles, solar energy storage, marine vessels, consumer electronics, etc.

Customization:

LOHUITE Lithium-Ion Iron Battery Pack 2023-02 - Customizable Rechargeable Battery Pack

Brand Name: LOHUITE

Model Number: 2023-02

Place of Origin: CHINA

Protection: Overcharge, Overdischarge, Overcurrent, Short Circuit

Max. Charge Voltage: 3.65V

Discharge Rate: 1C

Discharge Temperature: -20-60

Size: Customized

Type: Lithium-Ion Iron Battery Pack

Support and Services:

Lifepo₄ Battery Pack Technical Support and Service

Our Lifepo₄ Battery Pack is supported by a team of highly skilled technicians who provide assistance with any technical issue you may encounter during the use of the product. All our technical support staff are knowledgeable and experienced in the various aspects of the product.

We provide technical support through our customer service phone line, where our customer service agents are available to help you with any questions you may have about the product. We also offer online support services through our website, where you can access product information, troubleshooting tips, and user guides.

We also provide warranty services for our Lifepo₄ Battery Pack. Our warranty covers any manufacturing defects or problems that may arise from the use of the product. If you experience any issue with our product, please contact us and we will be happy to help resolve it.

Packing and Shipping:

Packaging and Shipping Lifepo₄ Battery Pack

The Lifepo₄ Battery Pack comes fully assembled and ready for use. It should be handled with care and stored in a cool, dry place.

Packaging

The Lifepo₄ Battery Pack is packed in a thick cardboard box and secured with bubble wrap. The box should include the necessary instructions for installation and use.

Shipping

The Lifepo₄ Battery Pack is shipped via a reputable carrier. We recommend that customers choose a service that offers tracking and insurance to ensure safe delivery of the product.

FAQ:

Q1: What is the Brand Name of Lifepo₄ Battery Pack?

A1: The Brand Name of Lifepo₄ Battery Pack is LOHUITE.

Q2: What is the Model Number of Lifepo₄ Battery Pack?

A2: The Model Number of Lifepo₄ Battery Pack is 2023-02.

Q3: Where does the Lifepo₄ Battery Pack come from?

A3: The Lifepo₄ Battery Pack is from CHINA.

Q4: How long can the Lifepo₄ Battery Pack last?

A4: The Lifepo4 Battery Pack can last up to 2000 cycles.

Q5: How much does the Lifepo4 Battery Pack weigh?

A5: The Lifepo4 Battery Pack weighs 2.5 kg.
