

Overcurrent Protection 3.2V RC Lifepo4 Battery Pack With 1C Discharge Rate

Our Product Introduction

for more products please visit us on lohuite.com

Basic Information

- Place of Origin: CHINA
- Brand Name: lohuite
- Model Number: 2023-02

Product Specification

- Max. Charge Voltage: 3.65V
- Charging Rate: 1C
- Storage Temperature: -20-25
- Discharge Temperature: -20-60
- Discharge Rate: 1C
- Protection: Overcharge, Overdischarge, Overcurrent, Short Circuit
- Max. Discharge Voltage: 2.5V
- Charge Temperature: 0-45
- Highlight: Overcurrent Protection Lifepo4 Battery Pack, Overcurrent Protection RC Lifepo4 Battery, 3.2V RC Lifepo4 Battery

Product Description

3.2V Lifepo4 Battery Pack with 1C Discharge Rate- Ideal for Challenging Environments

Product Description:

Lifepo4 Battery Pack is a Lithium-Iron Battery Pack that provides reliable, long-lasting power. It has a Max. Charge Voltage of 3.65V and a Max. Discharge Voltage of 2.5V, allowing for fast charging and discharging. The Discharge Temperature ranges from -20°C to 60°C, and the Charge Temperature from 0°C to 45°C, making it suitable for a wide range of temperatures. Additionally, it has built-in protection features such as Overcharge, Overdischarge, Overcurrent, and Short Circuit protection, making it safe and reliable. With its high-quality construction and advanced safety features, the Lifepo4 Battery Pack is the ideal solution for your energy needs.

Applications:

LOHUIE's Lifepo4 Battery Pack, Model Number 2023-02, is a rechargeable battery pack manufactured in CHINA. This Lithium-Ion battery pack has a storage temperature from -20 to 25 , a discharge temperature from -20 to 60 , a voltage of 3.2V, a cycle life of 2000 times, and a discharge rate of 1C. It is perfect for a wide variety of applications, including portable electronics, medical equipment, and communication devices.

LOHUIE's Lifepo4 Battery Pack is an ideal choice for those looking for a long-lasting, reliable rechargeable battery pack. Its 2000 cycle life and 1C discharge rate make it a great choice for any application requiring high-performance lithium-ion batteries. Its storage temperature range of -20 to 25 and discharge temperature range of -20 to 60 make it perfect for a variety of applications.

LOHUIE's Lifepo4 Battery Pack is the perfect choice for those looking for a reliable, lightweight rechargeable battery pack. Its 2000 cycle life and 1C discharge rate make it a great choice for those who need maximum performance. Its storage temperature range of -20 to 25 and discharge temperature range of -20 to 60 make it perfect for a wide variety of applications, including portable electronics, medical equipment, and communication devices.

Customization:

Lifepo4 Battery Pack

Brand Name: LOHUIE

Model Number: 2023-02

Place of Origin: CHINA

Type: Lithium-Ion Iron Battery Pack

Size: Customized

Discharge Temperature: -20-60

Protection: Overcharge, Overdischarge, Overcurrent, Short Circuit

Max. Discharge Voltage: 2.5V

Discharge Rate: 1C

LOHUIE Lifepo4 Battery Pack is a rechargeable battery pack with high energy density and long cycle life. It has multiple levels of protection and offers a wide temperature range. With a max. discharge voltage of 2.5V and a 1C discharge rate, it is a perfect choice for your applications.

Support and Services:

Lifepo4 Battery Pack Technical Support and Service

At Company ABC, we offer comprehensive technical support and service for our Lifepo4 Battery Pack. Our experienced team of technicians and engineers are available to provide you with the highest quality assistance.

24/7 Technical Support: We provide round the clock technical support for our Lifepo4 Battery Pack product.

Expert Troubleshooting: Our team of technicians and engineers can help you troubleshoot any issues you may be having with your Lifepo4 Battery Pack.

Comprehensive Documentation: We provide comprehensive user manuals and documentation for our Lifepo4 Battery Pack.

Warranty Support: We provide a comprehensive warranty for our Lifepo4 Battery Pack, covering any defects or malfunctions that may occur.

Software Upgrades: We offer regular software upgrades to ensure that your Lifepo4 Battery Pack is always up to date.

Packing and Shipping:

Packaging and Shipping for Lifepo4 Battery Pack:

The Lifepo4 Battery Pack will be packaged in a cardboard box with bubble wrap for extra protection. Label the box with the product name, weight, and shipping address.

The box should be shipped with a reputable courier service. The package should be tracked and insured to ensure delivery. All necessary paperwork should be completed before shipping.

FAQ:

Q1: What is the Brand Name of this product?

A1: The Brand Name of this product is LOHUIE.

Q2: What is the Model Number of this product?
A2: The Model Number of this product is 2023-02.
Q3: Where is this product made?
A3: This product is made in China.
Q4: What is a Lifepo4 Battery Pack?
A4: A Lifepo4 Battery Pack is a type of rechargeable battery system that is commonly used in portable electronic devices.
Q5: What are the advantages of using a Lifepo4 Battery Pack?
A5: Lifepo4 Battery Packs are known to be more efficient, safer, and longer-lasting than other types of rechargeable batteries.
