

Energy Efficient Lifepo4 Battery Pack Lithium Iron Phosphate Battery Pack 3.2V

Our Product Introduction

for more products please visit us on lohuite.com

Basic Information

- Place of Origin: CHINA
- Brand Name: lohuite
- Model Number: 2023-02

Product Specification

- Protection: Overcharge, Overdischarge, Overcurrent, Short Circuit
- Charging Rate: 1C
- Storage Temperature: -20-25
- Max. Discharge Voltage: 2.5V
- Max. Charge Voltage: 3.65V
- Cycle Life: 2000 Times
- Size: Customized
- Charge Temperature: 0-45
- Highlight: **Energy Efficient Lifepo4 Battery Pack, lithium iron phosphate battery pack 3.2V**

Product Description

Product Description:

Lifepo4 Battery Pack is a Lithium Iron Phosphate Battery Pack, also known as a Lithium-Ion Battery Pack. It is ideal for applications that require a reliable, durable and powerful energy source. This battery pack has a maximum charge voltage of 3.65V, a maximum discharge voltage of 2.5V, and a discharge temperature range from -20 to 60 . It has a cycle life of 2000 times, and can be customized in size. It is safe, efficient and environmentally friendly, making it a great choice for many applications.

Applications:

The **LOHUIITE 2023-02 lithium-ion iron battery pack** is a high-performance energy storage solution from CHINA. This **lithium iron phosphate battery pack** offers superior charge and discharge performance, with a maximum discharge rate of 1C and a maximum discharge voltage of 2.5V. The battery pack is designed to withstand tough conditions, with **overcharge, overdischarge, overcurrent and short circuit protection** built-in. The battery pack can be used in extreme temperatures ranging from -20-25°C to 0-45°C, making it the perfect choice for a wide range of applications. This Lithium Iron Phosphate Battery Pack from LOHUIITE is an ideal energy storage solution for your most demanding projects.

Customization:

Lifepo4 Battery Pack	
Brand Name:	LOHUIITE
Model Number:	2023-02
Place of Origin:	CHINA
Size:	Customized
Discharge Rate:	1C
Charging Rate:	1C
Cycle Life:	2000 Times
Storage Temperature:	-20-25

Support and Services:

Lifepo4 Battery Pack Technical Support and Service

Provide comprehensive technical support and services to meet customer needs.

Conduct comprehensive testing and analysis to ensure product performance.

Provide on-site maintenance and repair services.

Provide technical advice and guidance for product installation.

Provide comprehensive documentation and training services.

Packing and Shipping:

Lifepo4 Battery Pack Packaging and Shipping

Lifepo4 Battery Packs should be packaged and shipped according to the following procedures:

The battery should be placed in a cardboard box or other suitable shipping container.

The box or container should be properly sealed to prevent any damage or moisture from entering.

The box or container should be clearly labeled with the name and address of the shipper and the recipient.

The box or container should be marked with the words "Fragile" or "Handle with Care".

The box or container should be stored in a cool, dry place.

The box or container should be checked for damage or other irregularities prior to shipping.

FAQ:

Q: What is the Brand Name of the Lifepo4 Battery Pack?

A: The Brand Name of the Lifepo4 Battery Pack is LOHUIITE.

Q: What is the Model Number of the Lifepo4 Battery Pack?

A: The Model Number of the Lifepo4 Battery Pack is 2023-02.

Q: Where does the Lifepo4 Battery Pack come from?

A: The Lifepo4 Battery Pack comes from CHINA.

Q: What features does the Lifepo4 Battery Pack have?

A: The Lifepo4 Battery Pack has high voltage and long life cycle.

Q: What is the advantage of the Lifepo4 Battery Pack?

A: The Lifepo4 Battery Pack has high safety, high temperature performance and strong stability.
