

Fast Charging Performance DC 12V Lipo Battery Charger 0.5A/1A/2A

Our Product Introduction

for more products please visit us on lohuite.com

Basic Information

- Place of Origin: CHINA
- Brand Name: LOHUIITE
- Model Number: 2023-004

Product Specification

- Protection: Reverse Polarity/Short Circuit/Over Voltage/Over Current/Over Temperature
- Charging Current: 0.5A/1A/2A
- Name: Lipo Battery Charger
- Material: ABS
- Charge Time: 2-3 Hours
- Charging Mode: CC/CV
- Input Voltage: DC 12V
- Warranty: 1 Year
- Highlight: **DC 12V Lipo Battery Charger ,
Lipo Battery Charger 0.5A ,
DC12V lipo smart charger**

Product Description

Product Description:

Our **Lipo Battery Charger** is designed to provide safe and reliable charging for your battery. This charger can charge LiPo batteries with a wide range of charging currents from 0.5A/1A/2A, ensuring a fast and efficient charging process. It can also discharge LiPo batteries to a safe storage voltage of 3.6V/cell. With its built-in protection against reverse polarity, short circuit, over voltage, over current, and over temperature, your battery will stay safe during the charging process. This charger is lightweight and compact, weighing only 100g, making it easy to carry and use. It also comes with a 1-year warranty for additional peace of mind. The output voltage of the charger is DC 4.2V, making it perfect for charging EV batteries.

Applications:

LOHUIITE 2023-004 Battery Chargers are the perfect solution for charging all types of batteries, from Li-ion, LiFePO4, LiHV, Ni-MH and Ni-Cd batteries. This DC Battery Charger is designed with a Reverse Polarity, Short Circuit, Over Voltage, Over Current and Over Temperature protection to ensure safe and reliable charging. It also features a LED Indicator that will turn Red when charging and Green when the battery is full. Charge time is estimated at 2-3 hours and the output voltage is DC 4.2V. It is the perfect battery charger for those who are looking for a reliable and quick charging.

Customization:

Customized Lipo Battery Charger services from LOHUIITE! Our Lipo Battery Charger is designed with brand name LOHUIITE, model number 2023-004 and place of origin CHINA. It offers superior protection against reverse polarity, short circuit, over voltage, over current and over temperature. The output voltage is DC 4.2V and it comes with a 1 year warranty. The charge time is 2-3 hours. It is perfect for HV Battery Charger and EV Battery Charger applications.

Support and Services:

Lipo Battery Charger Technical Support and Service

We provide the following support and services for Lipo Battery Chargers:

Troubleshooting and technical support

Replacement and repair services

Firmware upgrades

Product documentation and support materials

If you need help with your Lipo Battery Charger, please contact us at support@example.com.

Packing and Shipping:

Packaging and Shipping

Lipo Battery Charger will be packaged in a strong, secure cardboard box. It will be wrapped in bubble wrap and other protective materials to ensure that the product is protected during shipping.

The product will be shipped via a reliable third party shipping service. It will be tracked and insured to ensure that it arrives safely.
